

VA210-A Wireless Speakerphone

VA210-A is a new generation of wireless audio microphone, an enterprise-level microphone for personal office and small and medium-sized meeting rooms. The audio adopts the international advanced high-definition voice processing technology, adaptive 48KHz full-duplex echo cancellation, equipped with high-definition audio technology, the call sound is clear and natural, and it can be heard and heard clearly in the meeting. High-quality pickup distance, and through intelligent noise cancellation technology, effectively avoid noise interference. Plug and play, it can be quickly connected to computers, smartphones and tablets via USB wired, wireless receivers or Bluetooth, without additional drivers, easy to use, and audio and video conferences at any time. Multiple touch buttons interact with the LED light strip, which is convenient for users to understand and use. Provide high-quality full-duplex experience, giving users an immersive call experience.

Address: 5&6 Floor, Building 13-A, ZhongHaiXin Technology Park, Ganli Road, Lilang Avenue, Buji, Shenzhen 518112, China

- **Voice Technology:** support deep echo cancellation (AEC), automatic gain control technology (AGC), two-way noise compression (NC), intelligent microphone automatic direction finding technology (EMI), and full frequency domain zero-damage compression of human voice; 5x zoom lens, with 83.7 °wide view angle without distortion.
- **Plug and play:** USB plug-play, support WeChat, Skype, Skype for business, zoom, Vido and other domestic and foreign network conference software platforms;
- **Multi-system support:** supports Windows, Android, IOS, Linux systems;
- **Bluetooth connection:** supports Bluetooth connection and hands-free conference calls with mobile phones;
- **Wireless connection:** supports wireless connection through a wireless adapter, which reduces wiring and is more convenient;
- **High-quality speaker:** speaker volume up to 95dB, 16-level speaker volume digital adjustment;
- **Convenient control:** Built-in multiple control buttons to make the control more convenient.

Technical Specifications

Spec/Model NO.	VA210-A
Product Picture	
Voice technical parameters	Acoustic Echo cancellation (AEC) : >65dB Echo length cancellation : ≥400ms Bidirectional noise compression (NC) : <25dB Automatic Direction finding Technology of Intelligent microphone (EMI) Automatic gain control (AGC)
